

ROSALYN LAND

roz.s.land@gmail.com

profile

A diligent and enthusiastic full-stack developer specialising in JavaScript, with a background in foreign languages. I have a common-sense approach to problem-solving, gained through experience working in a variety of roles. I am a fast learner and always keen to pick up new skills.

skills

Languages: JavaScript, Node.js

Testing: Mocha, Chai, Jest, Supertest

Back-end: Express, Knex, PostgreSQL

Front-end: HTML5, CSS3, Adobe Illustrator and Photoshop

Other: Git, GitHub, OOP, agile practices, CLI

Foreign languages: French, German

experience

Northcoders Coding Bootcamp, Manchester, UK
Student

JANUARY 2020 - APRIL 2020 (interrupted for lockdown period)

- Solid understanding of JavaScript full-stack development gained through daily problem-solving exercises, lectures and group work
- Implementation of agile practices, such as full test-driven-development and pair programming to deliver mini-projects to tight time-scales
- Competent use of the CLI for installing and managing software and version control

Goodgame Studios, Hamburg, Germany
Customer Services Representative

AUGUST 2018 - AUGUST 2019

- Liaised with customers and relayed their feedback to the development team in order to fix bugs and deploy new features in the games
- Regular 5-star ratings from customers, often with best average feedback score of the team

Self-employed, Hamburg, Germany
English as a Foreign Language Teacher

JANUARY 2016 - APRIL 2017

- Acquired good organisational skills through having to manage time between lesson planning, teaching and travelling
- Took initiative to create own lesson materials when they weren't available

DESY Housing Service, Hamburg, Germany
Web Intern

AUGUST 2015 - NOVEMBER 2015

- Effective use of HTML, CSS and the company's Content Management System (CMS)
- Own initiative shown by issuing survey to website users in order to make improvements
